  - ❖ Wisconsin incarcerates a higher percentage of its citizens than neighboring states with no increase in public safety.
  - ❖ Aside from the human cost of over-incarceration, Wisconsin's prison costs have skyrocketed from \$400 million in 1990 to 1.3 Billion in 2011.
- ☞ Join policy makers, spiritual leaders and professionals to hear the evidence so we can make responsible, effective, and moral decisions to create a safer, healthier community.
