

EVANGELISM

EDUCATIONAL REQUIREMENTS

Individuals seeking certification in Evangelism in The United Methodist Church must meet the standards set by the DOM, GBHEM. These include successful completion of five (5) certification courses in evangelism. Persons are certified by the annual conference BOM in cooperation with the DOM, GBHEM.

Courses are designed to provide graduate academic experience for persons to qualify them for certification. Other requirements for certification include personal and church qualifications and experience in the area of evangelism as determined by the DOM, GBHEM.

The five (5) courses cover the biblical and theological foundations and are designed to include an understanding of The United Methodist Church, its structure, curriculum, and resources.

These courses must be offered for no less than two (2) semesters (or equivalent quarter) hours of graduate academic credit. In some instances, regular degree courses listed in the catalogue may be substituted for specially designed short-term courses with approval of the DOM, GBHEM.

Although candidates may participate in more than one area of study each year, thus completing the course of study as time and energy allow, four (4) years of local church experience or two (2) years following the studies are required for certification. A maximum of ten (10) years is allowed for the completion of the Certification Studies in Ministry Careers.

The DOM, GBHEM will post on its website, www.gbhem.org, a list of the special courses available at all UM graduate institutions.
