Greetings!

The Wisconsin Conference is pleased to offer training to members of our United Methodist Churches who are involved in the decision making and handling of your local church finances, as well as to those who help to complete the yearly statistical reporting.

The task of providing leadership for your financial ministry is a great honor and an awesome responsibility. As a leader and steward, we want to provide you with a basic understanding of your role, the best practices, and respond to any questions or concerns you may have about your ministry. We hope that this training will provide you with the tools you need to have an accountable and fruitful finance ministry.
