

GOD'S GYPSIES

Through the highways and byways
Traveling everywhere near and far
A band of roving people
Are moving by bus or car.
Like gypsies on the go they are
Searching for those in distress
To lend a helping hand to people less
Fortunate and in need of rest.
Where holocausts such as floods and storms
Have left people without much trust
These people are there with all their love
To help restore faith blemish crust.
Who are these people - a question is asked
And as to that they respond -
Volunteers in Mission they reply -
Doing God's work all around.
Showing God's love and lending our talents
Where ever the need seems to be.
And bring a smile and bright light
In the eyes of everyone we see
Hence forth therefore below is a list
Of what VIM means to thee.

V is for Volunteers for that we sure are to be
O is for Oneness for together to work are we
L is for Love - for that is what it's all about
U is for Unity for with God we have more clout
N (We omitted N - so I'll go on to T)
T is for Trinity - our faith upon which we deliver
E is for Energy which the Trinity gives forever -
E is for Exercise - which all so badly need
R is for Rest at the end of our daily sprees
S is for Service which we do in our Lord's name
I is for Interest we receive for doing the same
N is for Nucleus of which God is the center
M is our Mission for with God it comes together
I is for Insurance our faith the policy
S is for Survivors we all eventually will be
S is for the Soul without that we'll be lost
I is for Intuition to do for God what's best
O is Only only the best that we can be
N is for Now for tomorrow may never be.

These are the meanings of what the letters in VIM could be
Because doing the work of helping others
Is what Volunteers in Mission are you see,
Traveling, working, praying together
All of this in God's name -
Brings joy and happiness - not only to others
But more to the workers needs -
Like the wind that blows across God's endless sky -
May the loving hand of God move our hearts to do likewise.
