

Wisconsin Annual Conference – Important Points for Entering the Sanctuary

Considerations for not Entering and Worshiping Remotely

- You traveled in the last 14 days to any area with high incidence of COVID-19
- You been exposed to anyone known to have tested positive for COVID-19
- You been in a house of correction, nursing home, meat packing plant or other high-density area with a COVID-19 outbreak
- **You have had a fever, felt feverish, or had chills in the last 24 hours**
- **You feel sick today**

Things that May Impact Your Severity of Disease when Considering In-person Worship

- If you are older than 65
- If you have an illness listed below for which you see a physician at least once per year:
 - Lung disease
 - Heart conditions
 - Immunocompromise (this includes prior transplantation or cancer treatment, or are taking steroids)
 - Severe obesity
 - Diabetes
 - Kidney dialysis
 - Liver disease
