- Session 1 Set-up Thursday – Saturday noon (June 13 - June 15)
- Session 2 Tear-down Saturday noon – Monday afternoon (June 15 - June 17)
- I can make both

### Dress Code for Tech Crew:

When we are at Annual Conference we are representing our church to many local, state, national, and international visitors. We must be professional and look professional. The temperature in the rooms will be perfect, of course each of us has our own meaning of the word “perfect”. Please consider that when making clothing decisions. We will order Tech Crew T-Shirts this year and they will be required when we are at the KI Convention Center. If you get cold easily, “Under Armour” style undershirts could help you stay warm without being uncomfortable under the T-shirt. Your clothing should be comfortable to work in. The weekend can be physical, with crawling under stages, climbing ladders, or carrying heavy equipment, and generally getting dirty. Please keep this in mind when you pack. Minimum Clothing Requirements at KI Convention Center:

Young Men: Pants or shorts that touch or go past the knee, “Tech T”.

Young Ladies: Pants, capris, that touch or go past the knee, “Tech T”.

Please don't wear skirts or dresses when we are working.

When we are not at the KI Convention Center and are at your hotel you do not need to wear the tech crew shirt and can dress in your own style. Please always dress with your personal modesty in mind.

## Application for AC 2019 Tech Crew

Please consider how you wish to represent yourself and, as importantly, your church in public. If a leader views something inappropriate at any time, or any place, you will be asked to change clothes.

### Some Basic Information:

1. Your personal phone is fine when you are not working a station. Please turn it off when you are working, or it goes in the box.
2. We will be rooming in gender/age specific rooms and we will follow all the Annual Conference Safe Sanctuary rules for chaperones and children.
3. Our meal times can vary based on the agenda of Annual Conference. We will have some snacks in our "green room" and the tech booth to tide us over when the sessions are long. Other times, we will bring food to the KI Convention Center to eat.
4. Cain Yang will be willing to sign any community service documents or provide letters for school requirements. We work full days (14 or more hours) so the hours can really add up.

### Your Signature and Commitment:

I am committing to serve the Wisconsin Annual Conference in June of 2019 for the time I have indicated. I will only be excused for emergency reasons.

I will also abide by the instructions of the Tech crew leaders and those chaperons designated to care for me while I am with the Tech crew. When I am at Annual Conference, if I cannot handle the responsibility of the Tech crew, I understand the leadership will inform my parent/guardian and they will be asked to pick me up and take me home. I will abide by the dress code. I will always conduct myself as a loving Christian with each person I interact with and will treat each person with respect.
